HICKS'S FORECAST FOR OCTO-BER.

The opening days of the month will bring more or less reaction from the nigh barometer and change to cooler which followed the closing storms in September. Renewed storminess in many sections is probable about the 2nd and 3rd. A short, sharp change to nigh barometer and much cooler is apt o spread eas ward from the northwest trom about 3rd to 5rh. During the Vu-can period, 5 h to 9.h, look for change o much warmer, first westward with a taily progress eastward, followed by a falling barometer, ending in many autumual showers about the 6:b, 7:n and 8th. Another change to high pressure, westerly winds and much cooler will travel eastward immediately behind these storms. Cool days, and frost at night in the north, are probable about stb to 10th.

The reactionary period, 11th to 13th, is within the braces of Mercury, Venus, Earth and Mars, and marked storm conditions will appear during this period in all western parts. The low barometer starting at this time will probably not disappear until after the new moon, on the 15th and unsettled, MEDY produces the above resu.

Caser Nervous Debility, Impotency, they Alemary, Stops all drains and verters of youth. It wards of linear many in the control of the contro neavy sterms and probable danger especially on the lakes and North A:

lantic. A general cold wave will and this period, being quite sharp northward and oringing the temperature down to frost ine quite far into the southern States. From 231 to 26th falls a return of falling barometer and general storm con ditions. This will be near the center of the Venus period, hence change to very much warmer may be expected as the moon approaches the celestial equa-or on the 25th, and rain with sharp nunder and wind will be natural or and touching that date.

Another energetic, high barometer with cold, westerly winds will set in from the northwest behind these storms spread rapidly east and south, and Alexandria Fertilizer touch the country generally between us close in the midst of a regular storm period, the Vulcan period being central with the full moon on the 27th. Very marked storm conditions will appear to the west about the 29.h, and as there conditions move eastward during the 30th and 31st, heavy autumnal storms will touch most sections of the country.

> HE WAS NOT DEAD .- Mr. Jeff Jolley was recently the victim of a very peculiar accident. He made a lot of grape wine which he tested and found it so good he drank a considerable quantity of it. He went out to his parn and was overcome. His son loand him and came to town with the sad intelligence of his father's death and the other members of his family ran to the nearest neighbor's house. Mr. Jolley recovered and went up stairs to bed. When the members of ms family returned matters were in a state of "confusion worse confour ded," as the dead man could not be found Messengers were dispatched to Warrenton. Mr. Sairley, the town sergeant, hurried to the scene of action. A pond of water nearby was dragged. Mr. Shirley waded in up to his arm pits, but he did not get much wetter than the others for the rain was pour ing down everywhere. Finally, discouraged and disappointed they all returned to the house and some one going into a room not often used lound the master of the premises snugly sleeping in the bed. Mr. Jolley never naving been drunk before in his life completely tooled his family and triends .- [Warrenton Virginian.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital ocgans were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz.' Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at E. L. Allen's and E. S. Lead beater & Sons' Drug Stores. Regular size 50 cents and \$1. Every bottle
